Dear Sally,

We received your bulletin last week and I've been intending to write ever since but have been too busy. We surely enjoy learning about everyone else but I know it's a lot of trouble for you. We are sorry to hear about Jimmy Mahon. Things are about the same with us. We're still in the same place. The first four weeks we spent every day in physical training of some kind. This week it has been more [illegible]. All in all it's interesting and very practical training. Our [illegible] is beginning to come in bit by bit. What are you doing this summer? Teaching school, working, or taking a vacation like you should? We've received a couple of letters from home, in answer to one's we've written from here. Mom is still sick, she went to the hospital for a few days but she says she will be all right now. I hope so. Did Wendell tell you that we saw Wilbert Miller in the last camp we were in, in the States? He left a few days before us. I have no idea where he went. We have still to be assigned. I like what we're doing now but I am anxious to be assigned to a unit, things will be more permanent then. I must close for now. We'll keep you posted.

Love,  
Wayne

P.S. – Just received your letter of June 12<sup>th</sup>. Will answer soon.
