Arlington, Virginia.

8/3/43

Dear Miss Loving,

Well how's the belle of Washington & Lee? Am darn glad to hear from my favorite teacher.

Thanks for all the news about the old gang. Am glad to hear that Orville got what he wanted. I had the same trouble so I can sympathize with him.

I sure wish I could have gotten to Arlington before I left home. Might have pulled the same trick as Lee did.

I have heard from some of the old Gang Joyce, Muriel, Eddie Smith, Ann Hanford, and Margaret Lynn. It sure is good to get letters from friends and pals in good old Arlington.

Have stored up some pretty pleasant memories at good old Wash. & Lee.

Well now for the news, what little there is.

Have two more days to go for graduation. Will graduate up in the class. Have been interviewed for instructor. Hope the officers decide that they'll send me to advanced Radio school. Would hate like all hell's fire to be stuck at an inactive job like instructor. All the gang here is aching for advanced school and their active overseas duty. We hope.

Keep your fingers crossed please.

Room 311 and the teachers and all the kids will always be a happy memory for me. Boy, how I wish that we could all meet sometime soon and have a class reunion. Good Old Class of 42.

Don't work too hard at that shop in Clarendon. Be a good girl and think of me sometimes. Hoping that I will see you soon,

Be good.

Love,

Bill
