My Dear Miss Loving,

Well how's every thing back in the county these days? I guess by the time you get this letter you'll be starting on a well-earned Christmas holiday away from the school. If you look forward to it as much as I did when I was in school, then you are really glad when that last day is over with. I hope you have a very Merry Christmas though & to all the gang news paper staff & all. I've really enjoyed reading the paper when you send it to me. It lets a fellow know what the rest of the class is doing ect.

Well I'm finally gotten down to business. Its been so long since I got out of Tech. school that I practically forgot most of what I learned. I am in a hospital in France now & its preety nice I don't imagine that it will be this way till the end but I have hopes I'll probably be living in mud before its all over with. But its not as bad I guess. Some of these guys go through lots worse things. I actually have pity on some of the fellows here in the hospital that they bring in from the front. Bu they all come back to a good recovery. Well paper is short. Write when you can.

Love,

Bob
