Somewhere in England

Dear Miss Loving,

I received the little paper from you sometime ago and should have written long before now. I would like to have been there with the gang. I just hope that all of the boys will be able to be there this year and that time. The paper was very interesting and gave me an idea where a few of the boys are, and what they are doing. This year seems to be rolling along very fast and June will be here before we know it. I guess that the Seniors are getting ready for the prom as far as the planning goes. When that starts, it doesn't take long for the rest of the time to pass. It is really hard to realize that two years have passed since we were all back in school. I guess that I had better close for this time. Give my regards to any of the gang you happen to see.

As ever-

A.H.
